

Technical Datasheet for rolled goods G4 RW44...

Filter class according to EN 779:2012	G4
Articel-No:	RW44...
Thickness ca.	22 mm
Weight	220 gr/m ²
Medium separation efficiency	91%
Recommended air speed	1,5 m/s
Initial resistance	42 Pa
Spare resistor	250 Pa
Recording capacity	460 g/m ²
Nominal air volume	5400 m ³ /h/m ²
Maximum operating temperature	100 ° C
Maximum humidity	100%

Characteristics:

- High-quality filter medium made of 100 % synthetic fibres, which are thermally bonded and progressively structured
- Filter class EN779:2012: G4
- Color white
- Fire protection class F1 (DIN 53438)

Technical changes and errors are excepted
